Summary

Software developer with a keen interest in cybersecurity, currently pursuing an integrated B.Tech–M.Tech in Computer Science and Engineering. With a strong command of Java programming and an interest in computer networks, I am exploring different areas of cybersecurity and expanding my knowledge in VAPT. As a co-founder and eager learner, my interests also extend to sports, entrepreneurship, and exploring deep-tech and under-the-hood technologies.

Education

National Forensic Sciences University (MHA, Institute of National Importance) 2023 – Present

B.Tech–M.Tech in Computer Science & Engineering (Specialization: Cybersecurity) Gandhinagar, Gujarat — CGPA: 8.5

St. Mary's School 2021 – 2023

Class XII, ISC Board — 90% | Class X, ICSE Board — 94% Najibabad, Uttar Pradesh

Technical Skills

Languages	Python, Java, C/C++, JavaScript
Cybersecurity	Burp Suite, Nmap, Wireshark, Metasploit
Tools & Platforms	Git, Docker, Linux, WSL, AWS

Experience

Okynus.tech Pvt. Ltd.

Co-Founder & CTO

- Co-founded Okynus.tech and work as its CTO, going through the whole journey of turning an early project into a working product and a company.
- Put together the architectural design and handled the core technology research behind our DRM software.
- Added several features to help prevent piracy and protect the digital rights, integrity, and confidentiality of digital content.

C-DAC (Centre for Development of Advanced Computing)

15 May – 30 Jun 2024

Cybersecurity Intern

- Got hands-on experience with ethical hacking and penetration testing, working on real-world scenarios and a live project.
- Built a keylogger that recorded keystrokes and sent them to a Command-and-Control (C2) server at set intervals, and could also capture screenshots of the user's screen.

IDE (Innovation, Design & Entrepreneurship) Bootcamp — NEHU

11 – 15 May 2026

Participant

Shillong, Meghalaya

- Took part in a hands-on bootcamp on building a startup from scratch, with sessions led by industry experts.
- Strengthened entrepreneurial fundamentals and expanded a professional network with founders and mentors from across the country.

Projects

LearnLog

- An interactive learning platform that connects educators (admins/teachers) with learners (students), using a hierarchical file-system approach to organize course content.

Axis

- A personal task manager and scheduler to help organize day-to-day activities and keep track of progress.

Achievements & Recognition

-
- **Runner-Up, UptoSkills Startup-a-thon:** Finished 2nd out of 170 teams and 700+ participants from 150 universities.
 - **C3iHub, IIT Kanpur:** Selected for and incubated under Cohort 6 of the C3iHub Cybersecurity Incubation Program, supported by SIIC, IIT Kanpur.
 - **SSIP Gujarat 2.0:** Received incubation support under the Student Startup and Innovation Policy.

Certifications

-
- | | |
|--|-----------------|
| • Belkasoft — Effective Artificial Intelligence in DFIR | <i>Dec 2025</i> |
| • AWS Academy Graduate — Cloud Developing | <i>Jan 2026</i> |
| • AWS Academy Graduate — Cloud Security Foundations | <i>Jan 2026</i> |

Extra-Curricular

-
- **NCC Cadet** — 2 GUJ Independent Company, Gandhinagar.
 - Completed a half marathon (21 km) in approximately 2 hours 47 minutes.
 - Participated in the IIC Regional Meet 2025, VVP Engineering College, Rajkot.
